Dinnington High School DDP in relation to exams

The Equality Act (2010) and School Examinations

Introduction

Facilities exist for students with disabilities to access the curriculum and all relevant areas of school. The school recognises its responsibility to provide equal access to education for all students irrespective of disability.

1. The School Equality Policy

The Equality Act 2010 provides a single, consolidated source of discrimination law. It outlines special provision for Disability which mainly replicates the provision in the DDA.

It makes it unlawful to discriminate, against disabled students and prospective students, in all aspects of school life.

Definition of Disability

“A person has a disability if he or she has a physical or mental impairment that has substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.”

‘substantial’ = more than minor or trivial

‘long-term’ = has lasted or is likely to last for at least a year or for the rest of a person’s life

'physical or mental impairments' – includes students with:

- sensory impairments
- mental illness (only if recognised by a respected medical body)
- LD, dyslexia
- Diabetes, Epilepsy, HIV, Multiple Sclerosis, Cancer
- severe disfigurements

Treatment of students

The school has an established Equality Policy (2010) which outlines how

- School will seek to ensure that a student is not treated less favourably for a reason that is related to a child's disability (ie there is a link between the reason and the disability) than it treats, or would treat others, to whom that reason does not apply.
- We plan to make reasonable adjustments to ensure that students who are disabled are not put at a substantial disadvantage in comparison to students who are not disabled.

The Equality Policy covers all aspects of school life including assessment and examination arrangements.

2. The School's Disability Accessibility Plan for 2016 18 details additional adjustments that the school has planned to make over this three year period to allow full equality of access. Sections of this refer, directly or indirectly, to adjustments that are to be made to ensure all students, irrespective of disability, have equal access to examinations.

3. The School's Equality Policy which complements the School's Access Plan is reviewed annually in consultation with the School's Disability Equality Steering Group (DESG).

It aims to actively promote equality of opportunity for disabled children and adults and to weave disability equality into the culture of the school.

ENSURING THAT THE EXAMINATION/EXAMINATION CENTRE IS ACCESSIBLE

The Building

Facilities exist for students with disabilities to access the curriculum and all relevant areas of the school.

- Examination rooms will be used on the ground floor of the school where necessary; for students with physical disabilities, these are all located near emergency exits.

- A private room can be arranged for an examination, where appropriate, with the Exams Officer checking that the environment is suitable for the candidate. For example, that there is enough room for a wheelchair and its supports.
- Provision will be made, where appropriate, to ensure that those who need to take medication during the course of an examination can do so in privacy and as speedily as possible.
- Examination rooms will be arranged, where possible, which are close to an accessible toilet.
- Brinsworth Academy is committed to make all “reasonable adjustments” to meet the needs of disabled students, where necessary. For an exam, this may mean choosing a room that ensures that the candidate feels more comfortable, or arranging specific lighting or tactile surfaces, etc.
- The centre will ensure that both disabled candidates and staff are aware of the emergency evacuation procedures to ensure that disabled candidates can be safely evacuated from the building whatever their disability or impairment.

Seating

- Where appropriate, candidates will be seated close to the exit in the examination room to make them feel more comfortable and to limit disruption for others.
- There will be sufficient space between desks and chairs to enable a candidate (or invigilator) who uses a wheelchair to enter and leave the area without difficulty.
- Chairs will be made available, where necessary, outside examination rooms to enable those with mobility issues or those who may simply be experiencing particular stress to sit and rest before they enter the examination.
- We will ensure that seating is appropriate and comfortable for those who may have a disability that affects seating and posture.

Signage

- We will ensure that all the signs for the examination and those provided by JCQ are suitably sized and adapted to meet the needs of candidates with a disability.
- Sign content will be simple, short and easily understood. Text and lettering will be in a clear, uncomplicated and reasonably sized font.

Emergency Evacuation

- the Exams Officer and invigilators will know what procedures are in place for those with a disability, in particular for those who may need assistance to leave a building. We will make sure that when evacuation and emergency procedures are being explained to candidates, attention is given to appropriate explanation for those with a disability whose arrangements may be different.
- All ground floor exits are level and are accessible to wheelchair users.

Resources

- Where computers are being used for an examination we will ensure that hardware and software has been properly adapted and tested for those who may use them, such as people with a visual or aural impairment. We will also ensure that there are backups and alternatives in case support equipment ceases to function.

Improving the candidate experience

The Exams Officer will maintain a good positive working relationship with the Achievement Support Department to ensure that there are clear lines of communication.

The AS department will ensure that appropriate arrangements and facilities are made available which meet the requirements of any candidate with a disability using key guidance provided by the Joint Council for Qualifications (JCQ) booklet 'Access Arrangements Reasonable Adjustments and Special Consideration'. Evidence to support applications for access arrangements will be obtained and recorded. Assessments will be carried out by qualified personnel. At present there are two teachers in school with a recognised qualification, this being CCET with CPT3A.

Consideration will be given to the whole range of adjustments, which can be made to ensure that there are provisions for candidates with a disability. These adjustments may include:

- modified test papers, for example enlarged print or Braille;
- up to 25% extra time (or considerably more if a candidate's disability is of a profound and extensive nature);
- a reader or amanuensis or use of a computer reader. A reader will be provided either/or by the AS department or the Schools Examination Office. It may be a student uses an electronic reader if this is appropriate.
- supervised rest breaks;
- different coloured scripts or use of coloured overlays;
- a prompter;
- use of a computer or other technology;
- use of an individual room;

Arrangements have been agreed for students with late-presenting temporary disabilities;

- the AS department will liaise with the Schools Examination Officer to provide the readers/amanuensis and room arrangements;
- the School Examination Officer will check medical evidence is available and will make the on-line application.

Exam results are made available to all students in the Main Hall, which is fully accessible to disabled students. A private accessible room can be arranged for a student where requested or deemed appropriate.
